

From Your **SOS** President,

As we enter 2021, the dance scene remains quiet. Mid-winter Workshop another cancelled event in our **SOS** history. Spring Safari appears to be in danger of cancellation due to the slow progress of distributing the vaccine to slow the Covid virus spread.

There are a few clubs hosting dance parties. These events will be tested under Covid scrutiny rules. This is a different situation compared to **SOS**, however, similar in many ways. Let's hope for the cure soon so that we can get back to our dance, lifestyle and those "infectious hugs n kisses" that make **SOS** and shaggers famous.

We continue to sell a few **SOS** memberships through the internet and will continue to urge everyone to continue their support for the lifestyle when possible. Sales were \$150,000.00 in our last accounting. We have adjusted expenditures accordingly.

We look forward to a strong return for **SOS** once we are safe. We shall prevail over this virus! Stay safe!

We are "**SOS STRONG**"!

*Ron Whisenant*

**President**
