February 17, 2021

Dear ACSC Presidents,

The ACSC/SOS Boards have been meeting to discuss the Spring SOS 2021. We have all heard the slogan that it takes a village. You are an important role in our village. When planning for an event, we must coordinate with the ACSC Shag Clubs, the club owners, the City of North Myrtle Beach and possibly the State Department of Commerce. After several days of meetings and communication, the SOS Board has set aside the week of June 19th – June 26th as a target date for SOS. We certainly do appreciate your support, patience and understanding during this time.

The ACSC Board has unanimously voted due to the safety of our presidents and club representatives that NO meeting will be held during SOS. We will continue to communicate thru e-mail with any concerns. Our next meeting will be held during Fall Migration on September 25, 2021.

It is very important that we find the new normal for our organizations. We will be enacting guidelines for this SOS, to ensure the safety of our membership. We are hopeful that the extra time between April and mid-June will give the vaccination program significant opportunities to offer protection for a much greater number of people. Additionally, we are expecting that the State of South Carolina will increase the number of people in mass gatherings. As you can see from this, there is still an element of uncertainty. Our dates represent the best opportunity that we have for this SOS to succeed.

In closing, we look forward to this opportunity to once again be together it should be the safest environment we can provide.

Hope to see you,

Robin Morley
