Happy Holidays from your SOS Board!

Hope all of you have had a safe and joyous Thanksgiving. With the pandemic Covid19 still at an all time high and effecting so many, the SOS Board has met and discussed many issues at hand, but the most important is dealing with Mid-Winter/2021 Winter Workshop. After much discussion, it was decided that it is still not safe for us to have a large gathering at the beach. For your safety and well-being, we must announce that the **Mid-Winter/2021 Winter Workshop MUST BE CANCELED.**

Hopefully the vaccine that is coming out, will do what it is supposed to do and the Spring Safari will be held as planned. I know this is NOT the news you wanted to hear for the first of the year, however it is the responsibility of the Board to keep you safe. We will continue planning events for 2021 as usual as long as the Virus is under control by the CDC rules and regulations.

We see the light at the end of the tunnel, and when this is all said and done, we all can pick up and help rebuild the lifestyle that we all care so much about. Let's never forget the friends and family that we have lost during these turbulent times, but we must go on. We are all looking forward to returning to the good times and the life we all enjoy so much.

Until we see you in 2021, remain safe and remember, we are **SOS STRONG**. But for now, we wish all of you a very Merry Christmas and Happy New Year from your SOS Board.

If you have any questions, please call.
