Mr. Al Guazzo
ACSC/SOS Nominating Committee Chair
334 Chastain Court
Murrells Inlet, SC 29576

Dear Mr. Guazzo,

Thank you for serving in the role of Nominating Committee Chairman and overseeing the process that reviews and certifies the qualifications of individuals to lead our ACSC Association going forward for the two-year term of 2020 to 2022 term.

As my shag resume states, I have been an active member of the Electric City Shag Club since 2004 and was proud to serve as their President from 2012 – 2014. I gained my Lifetime Membership at that point and in 2016 was honored by being named to the ECSC Hall of Fame for members who have made significant contributions to the club and it's membership. Under my Presidency, our ECSC membership soared to a record breaking 317 members. I still hold this record. It was never a secret as to how to get and retain members...I always made members and guests feel Welcome and I always promoted friendships between all groups of people. My Board members also supported me and worked to accomplish common goals.

In 2007, I became the Co-Chairman of our annual party, The Electric Storm. It was my work in planning, organizing member volunteers, selling the 450 event tickets, placement of the tables of ten in the ballroom, buying and/or making the decorations and handling the Registration area each year that caught the eye of then ACSC Chairman Ken Akin. Ken and many of his shag friends from the Aiken area were regular attendees. I was appointed as the ACSC Secretary in early 2014, after the health of Sonny Brown had declined to a point where he had to step away. I dedicated my efforts to learning this job with very little help, but with great encouragement from both the ACSC and SOS Board Members and the strong leadership of Ken Akin and Robin Morley. I served in that capacity until I ran for ACSC Vice Chairman and assumed new challenges in 2017. I have welcomed being responsible for the content material of our Mid-Winter Workshop and the Summer Workshop. My creativity has been put to work with every detail of planning a meeting geared toward educating our ACSC Presidents.

Today, I would like to submit my qualifications for review once again for the Office of ACSC Vice Chairman and

continue my work in leading our Association, planning our Workshops and developing strong relationships with our ACSC Shag Clubs and Presidents.

I love what I do, I love the team that I serve alongside, and the leadership is strong under the current leadership. I would very much like to remain as a vital member of our National Board.

Please review my qualifications listed on my shag resume and consider me for the office of ACSC Vice Chairman.

Kindest regards,

Lisa

Lisa Myers Caveny
